

## Public Notice – Environmental Permit

**PURPOSE OF NOTICE:** To seek public comment on a draft permit from the Department of Environmental Quality (DEQ) for an air pollution source in Buena Vista, Virginia.

**PUBLIC COMMENT PERIOD:** November 23, 2006 to December 22, 2006

**PERMIT NAME:** State Operating Permit issued by DEQ, under the authority of the Air Pollution Control Board

**NAME, ADDRESS AND REGISTRATION NUMBER OF PROPOSED PERMIT HOLDER:** Everbrite, LLC; 627 East 30<sup>th</sup> Street, Buena Vista, Virginia 24416; 81078

**PROJECT DESCRIPTION:** Everbrite, LLC has applied for a State Operating Permit for a sign manufacturing facility in Buena Vista, Virginia. The permit establishes limits on hazardous air pollutants (HAPs) of 9.50 tons per year of any individual HAP and 24.5 tons per year of any combination of HAPs. In accordance with 9 VAC 5-80-800 C.1, the proposed emissions caps allow the source to become a synthetic minor source of HAPs. The permit would allow the source to operate a sign manufacturing facility. The State Operating Permit proposes to provide federally and state enforceable emissions limits on Everbrite, LLC such that its potential emissions will be below Title V applicability levels. This notice serves to inform the public that the DEQ is also proposing to revoke Everbrite, LLC's Title V permit issued on September 9, 2005 as amended on October 28, 2005 upon issuance of the State Operating Permit. The estimated effect on air quality near the facility from the proposed changes is negligible.

**HOW TO COMMENT:** DEQ accepts comments by e-mail, fax or postal mail. All comments must include the name, address and telephone number of the person commenting and be received by DEQ within the comment period. The public may review the draft permit and application at the DEQ office named below. The draft permit is also available on the DEQ web site at [www.deq.virginia.gov](http://www.deq.virginia.gov). The public also may request a public hearing. To request a public hearing, written comments must include: 1) The names, mailing addresses and telephone numbers of the requester and of all people represented by the requester. 2) The reason a hearing is requested, including associated air quality concerns. 3) A brief, informal statement regarding the extent of the interest of the requester, including how the operation of the facility affects the requester. Please note this draft permit is being concurrently reviewed as a proposed permit by the Environmental Protection Agency.
